

QWETRUM TECHNOLOGIES

HR Department — Internship Program 2026

INTERNSHIP TRACK: DATA ANALYSIS

WEEK 2 — INTERNSHIP TASKS

Duration: 1 Week

Submission Day: Every Saturday by 11:59 PM

Tasks This Week: 2

TASK 01 — Interactive Dashboard with Power BI or Tableau

Task 1 — Interactive Dashboard with Power BI or Tableau

Move from static charts to a real interactive dashboard using professional tools.

Requirements:

- Use the same or a new sales dataset from Kaggle
- Build a dashboard in Power BI Desktop (free) or Tableau Public (free)
- Include at least 5 visuals: KPI cards, bar chart, line chart, map, and a slicer/filter
- Dashboard must be interactive — filters should affect all visuals
- Answer 3 specific business questions using the dashboard
- Export dashboard as PDF and also share a screenshot of the interactive version

■ **Deliverable:** Dashboard PDF export + interactive screenshot + 3 business questions with answers.

TASK 02 — Time Series Analysis

Task 2 — Time Series Analysis

Analyze trends over time — a critical skill in data analysis.

Requirements:

- Find a time series dataset: stock prices, weather data, or monthly sales
- Plot the raw time series and identify any visible trend or seasonality
- Calculate and plot a 7-day and 30-day rolling average
- Find the month/period with highest and lowest values
- Detect any anomalies or sudden spikes in the data and explain them
- Write a 200-word insight report: what story does this data tell over time?

■ **Deliverable:** Jupyter Notebook with all plots, rolling averages, anomaly highlights, and insight report.

■ **Important Instructions for All Interns**

- **No AI Tools Allowed:** Do NOT use ChatGPT, Claude, Copilot, Gemini, or any AI assistant. The purpose of this internship is YOUR learning. If you want to actually grow, do the work yourself.
- **Task Submission:** Create a ZIP file of your completed task. Upload it to your personal Google Drive folder (link shared by HR). Submit every **Saturday by 11:59 PM**.
- **LinkedIn Progress Update:** Post your weekly progress on LinkedIn. Mention what you built and what you learned. Tag **Qwetrum Technologies** in your post. This is mandatory.
- **Quality Matters:** A clean, working, well-commented submission is far more valuable than a rushed one. Take your time and do it properly.
